

## Lead Stand

Part Number: Ozzyleadstand2400

Suitable for use on walkways, roadways, passageways & confined areas in workshops, mine sites and construction sites.

Ready for use in less than a minute - anywhere you need to keep your cables high off the ground for safety and convenience.

Free-standing, height adjustable telescopic pole: 1.7m - 2.4m.

Solid and sturdy 25kg base: app. 60cm L x 23cm W x 14cm H.

Versatile, multi-use detachable head for routing and securing cables of various sizes.

Use one, two or as many as you need to span your cables safely above your work area.
